

STORY CIRCULATION
LARGEST IN THE CITY.

Purely Business!
The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can take over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls
Upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppliers,
excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the inevitable rule. This, however.

Does Not Include
notices of Lodge meetings or Church services, which must not exceed two lines.

Avoidance of Disputes.
Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—\$10. The bill is \$10. When he finds it out there is a "kick" and a controversy follows. Probably by an icy feeling. Now, to obviate this trouble, so "I'll tell" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

ALL MATTER for publication must be handed in before 9 o'clock in the morning of each day.

IF you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

The subtenants of the C. and O. crossing at Bridge street are being extended so as to accommodate a double track, but the subtenants of the bridge over Limestone will not be widened until next season. Until the latter is done there cannot be a double track all the way between Brokers and the Fairgrounds.

ON THE RUN.
I see her turn the corner;
I hear her manish tread;
I feel an awful pressure;
That fills my soul with dread.

Great Scott! She's drawing nearer!
I'll vanish while I can.
If she's the coming woman,
Then I'm the going man.

What We May Expect For the Next Twenty-four Hours.

And this paper is furnished at same price as inferior ones.

ANOTHER OFFICIAL RELIEVED.
Postmaster Everett of Mt. Sterling \$2,000 Shy in Cash.

A special from Mt. Sterling to The Louisville Times says the postal authorities have for some weeks past been making an investigation of Postmaster G. C. Everett's accounts, and they have now taken charge of the office, turning it over to Everett's bondsman.

Everett is short in his account's over \$2,000.

The trouble is generally believed to have arisen from careless business methods, and not from any intentional dishonest appropriation of money.

Howard Anderson, who has been clerk in the office since Everett's appointment, has been placed in charge of the office.

OPPOSED TO FREE-TRADE.
It's Always Different When One's Own Ox is Gored.

For years past Hechinger & Co., the clothiers of this city, have been going to surrounding towns on Court Days and selling goods from rooms at the hotels.

Naturally, the local merchants have entered a "kick," just as the American people have kicked against the introduction of foreign goods into this country when the demand could be supplied by the home market.

Monday last representatives of Messrs. Hechinger & Co. were at Carlisle, and the firm was fined \$50 and costs by the local authorities for selling clothing in that city without license.

They will appeal the case.

In retaliation, Messrs. Hechinger & Co.'s representatives swore out warrants against several Carlisle merchants for selling by sample in their own business houses.

And the war is on.

ONCE PROMINENT MAN.
Death in Indiana of a Former Much-Discussed Priest.

A dispatch from Indianapolis says Bishop Chatard has received word of the death at St. Meinrad College, Spencer county, of Father Roman Weinzepfel, a French Priest, who came to America in 1838.

In 1840 he was the most notorious Priest in America, and a controversy raged over him and grew into National interest.

At Evansville in that year he was accused of criminally assaulting a woman named Small.

She came back to sacrament next morning, and from that fact and from an alleged confession of conspiracy later the Catholic world asserted his innocence.

However, the case went to court, and the Priest was sent to the penitentiary on a second trial.

There was a strong anti-Catholic feeling at that time.

Upon petition of Evansville women and of Priests all over the world, Governor Whitcomb, father-in-law of the present Governor Matthews, pardoned Weinzepfel after eighteen months' service.

Weinzepfel went back into the Ministry, joined the Benedictine Monks, and has lived an exemplary life.

Forgotten, and too old to preach of late, he has cared for the little garden at St. Meinrad.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 99 per cent of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchitis and throat affections.

Send 2 cents in nearest stamps to The Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 100 page Common Sense Medical Adviser, illustrated.

MIGRATION OF BIRDS.
Kentucky's Erstwhile Rooster Will Hereafter Be in Virginia.

Huntington Herald.

Owing to the hot weather in "Kaintucky" prevailing since the late state election, Democratic roosters are migrating to Old Virginia in large numbers.

The feeble condition of many of these birds renders a stop-over for repairs necessary at many points on route. Yesterday afternoon a freight train coming from "Kaintucky" stopped at the C. and O. shops and left a freight car on the siding.

Dr. (7) Brown of the C. and O. ambulance corps, having been apprised of this migration, was ON THE LOOKOUT for the sick birds, and quietly proceeded to the car, thinking that his services might be needed.

He thought rightly, for upon opening the car, his heart was "touched" by the PITIFUL SPECTACLE that met his gaze. There lay a rooster of "Maysville fame" with both eyes struck out, with a set of false teeth in his Billy Breckinridge comb, his "free silver" gills all TATTERED AND TORN.

His blackburn spurs twisted and the feathers plucked from his hardtail tail. The Doctor recognized the bird's serious condition called Drs. (7) Weed and Belamy the other members of the ambulance corps, in consultation, who decided TO MOVE HIS ROOSTERSHIP to the "Barnacle Club Hospital" on Ninth street for treatment and crop sowing.

The following gentlemen of Maysville, Ky., viz., John Lovel, Chris Russell, Walter Blatterman and the Editor of The Bulletin, were notified of the serious condition of the bird. Should it recover, which is very doubtful, it will be forwarded to Old Virginia where the climate is more congenial to these Democratic birds.

HOW TO PREVENT CROUP.
Some Reading That Will Prove Interesting to Young Mothers—How to Guard Against the Disease.

Croup is a terror to young mothers, and to post them concerning the cause—first symptoms and treatment—is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first begins to cough. Chamberlain's Cough Remedy is freely given all tenders to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy, for it contains nothing injurious. For sale by J. James Wood, Drugist.

The thirtieth annual reunion of the old Forty-fourth O. V. V. at Dayton, O., the 17th of October was well attended. The Soldiers' Home and the city were visited and many interesting scenes were taken. There were several staff officers present, the most interesting one being the Chaplain, George W. Collier, U. S. Army, now retired, being over 70 years old, and was the best speaker and could talk the same as when in the Shenandoah Valley among the shot and shell in 1864. There were 16 of the regiment for roll-call. Company F leading with 32 and your correspondent made the twelfth one for Company B. There were eight deaths reported during the year. There are several of the regiment residing in Kentucky and Manchester and vicinity. The next reunion will be held in Cincinnati the second Wednesday in October, 1906.

Elder W. N. Needs, traveling evangelist of Noble county, O., paid the church at Bethany a visit the past week, and like the Apostles of old, continued several days preaching the good news of the kingdom. The people were edified and the church was much strengthened by his visit. He is an earnest and able teacher of the truth as it is in Jesus, and we bespeak for him a welcome among the churches of Kentucky.
